City of Peabody
Director of Public Services

The City of Peabody seeks a professional, team oriented problem solver with excellent communication skills and demonstrated leadership ability to oversee its Department of Public Services. Position directs and manages the complex operation of the Department consisting of the following divisions: engineering, streets and sidewalks, sewer, water distribution and treatment, landfill and vehicle maintenance. Responsible for the management and oversight of snow removal operations in the City. Prepares and manages budget required to meet obligations. May seek funds from sources such as grants, government and private sources. Position may be called upon at any time due to imperatives associated with DPS responsibilities. Exercises supervision over approximately 50 employees engaged in performing various department functions. A minimum of 5 years of municipal management experience is required. Thorough understanding of Labor Relations in a union work environment required. DOQ salary up to \$135,000. For a detailed job posting, information on minimum education, qualifications and experience, and how to apply by **April 25, 2018**, go to www.peabody-ma.gov/hr.html. Peabody is an EOE.
