

Operations Manager – Concord Public Works

Are you a foreman, crew leader, supervisor, or manager looking for the next challenge in your career? Concord Public Works Highway & Grounds Division, a recognized leader in the industry, is seeking an energetic and innovative professional to join our progressive management team. The ideal candidate will have experience in the direct supervision of staff in a fast paced environment with background in a public works field such as construction, management, arboriculture, landscaping or a similar field. Success in this position requires strong organizational, planning, decision making and supervisory skills with knowledge and proficiency in the operation of public works construction and maintenance equipment. If you have the needed skills, Concord Public Works' team-based, collaborative environment will allow you to gain the necessary job specific knowledge to succeed. In addition to a competitive salary of up to \$92K, the Town offers compensation for winter maintenance, excellent benefits, and promotes a healthy work-life balance. The candidate will be required to have or obtain licenses to operate construction equipment & vehicles. **Applications will be accepted until the position is filled; applications received by 9/14/18 will receive priority consideration.** *For more information and application instructions, visit www.concordma.gov/jobs or contact Human Resources at 978-318-3025.
